Developmental Medicine and Child Neurology

Volume 12 1970

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol '(L)'.

KEY TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–126	No. 4	411–552
No. 2	127–268	No. 5	553–694
No. 3	269–410	No. 6	695–836

ABBAS, K. A. *See* DONOGHUE, E. C., 781
Aborigines' contribution, in the mortality of young children in Western Australia (abstr.), 689
ABRAHAMS, P. and BURKITT, B. F. E.: Hiatus hernia and gastro-oesophageal reflux in children and adolescents with cerebral palsy (abstr.), 692
ABRAMS, C. A. L. *See also* ALLERDICE, P. W., 264
— S.: The upper weight level low-gestation child (abstr.), 266
ADINOLFI, M.: Levels of two components of complement (C'_4 and C'_3) in human fetal and newborn sera, 306
Adolescents and children with cerebral palsy, hiatus hernia and gastro-oesophageal reflux in (abstr.), 692
— with cerebral palsy, psychiatric problems in, 64
Adoption practice, better, 520
Africa, Tropical, the handicapped child in (abstr.), 834
Age and phenylalanine, 515
AIRD, R. B. and CROWTHER, D. L.: Temporal lobe epilepsy (TLE) in childhood (abstr.), 690
AKHNOUKH, F. *See* RHEA, J. W., 693
AKIYAMA, Y. *See* CASAER, P., 697
Alcohol injection, in treatment of spasticity, 825 (L)
ALDERTON, H. R.: Imipramine in childhood enuresis; further studies on the relationship of time of administration to effect (abstr.), 831
ALLEN, F. H. *See* ALLERDICE, P. W., 264
ALLERDICE, P. W., DAVIS, J. G., MILLER, O. J., KLINGER, H. P., WARBURTON, D., MILLER, D. A., ALLEN, F. H., ABRAMS, C. A. L. and MCGILVRAY, E.: The 13q deletion syndrome (abstr.), 264
American Academy for Cerebral Palsy
  Annual meeting, Las Vegas, 1969: abstracts of papers presented at, 234
  Presidential address, 1969: 555
Aminoglutethimide, in the treatment of congenital adrenal hyperplasia, 618
Amniotic fluid, in fetal maturity, 375
ANDERSON, E. M. *See* HASKELL, S. H., 198
Anencephalus in the British Isles, 582
— model aetiology for (fetus-fetus interaction), 167
Anencephaly, racial factors in (abstr.), 122
Angiomatoses, hereditary, affecting mainly the nervous system: II. The Louis-Bar syndrome (abstr.), 264, 404

ANNOTATIONS
  Age and phenylalanine, 515
  Another fetal assessment test: the fetal electroencephalogram, 373
  Assessment of fetal development by ultrasonics, 106
  Batten's disease—a separate entity? 377
  Better adoption practice, 520
  Bilirubin diffusibility and brain damage, 512
  Chronic polyneuritis of childhood, 100
  Chronically Sick and Disabled Persons Act, 1970, 804
  Classification of the epilepsies, 660
  Complications of neurological diagnostic procedures, 793
  Contribution to the study of athetosis in children, 517
  Delayed speech and histidinaemia, 104
  Development of immunoglobulins, 663
  Diazepam—the new wonder drug? 655

Effects of chronic hypoxia on the infantile brain, 101
— — early environment on later development, 98
Estimation of fetal maturity by examination of the amniotic fluid, 375
Ethnic origin and neural tube malformations, 372
Febrile convulsions, 659
Foetal growth and mental ability, 222
Handicapped children—counselling the parents, 230
Hydrocephalus and 5-hydroxyindoleacetic acid in the CSF, 103
Intelligence, learning and seizures, 667
More 'second thoughts' on hemispherectomy in infantile hemiplegia, 799
Morphogenesis of volar skin, 369
Mortality in low birthweight infants, 661
Muscular retraction, 376
Neurological development in infants of diabetic mothers, 227
— manifestations associated with the internal carotid artery, 797
Other side of the brain, the, 514
Paediatric education in developing countries, 666
Parent-child relationships in different cultures, 224
Perinatal mortality, 368
Phototherapy and hyperbilirubinaemia, 802
Pitfalls in interpretative procedure within the diagnostic clinic, 516
Precipitating factors in epilepsy, 800
Psychological development in treated hypothyroidism, 102
Significance of a white macule on the skin of a child, 805
Social factors influencing hospital admission of children, 226
Treatment of status epilepticus, 380
Varicella-zoster encephalomyelitis, 378
Who guides the therapist? 518
ANSELL, J. S. *See* CHAPMAN, W. H., 123
APPENZELLER, O., SNYDER, R. D. and KORNFELD, M.: Sural nerve biopsies in paediatric neurological disorders, 42
APPLEYARD, W. J.: Social factors influencing hospital admission of children, 226
ARAKI, S. *See* KATO, M., 125
ARDRAN, G. M. and KEMP, F. H.: Some important factors in the assessment of oropharyngeal function, 158
Asphyxia, neonates born in, intracranial haemorrhage in (abstr.), 831
Ataxic diplegia, familial, with deficient cellular immunity (abstr.), 691
Athetosis in children, 517
Attention deficit in brain damaged children (abstr.), 688
Autism, infantile, chromosome breakage in, 572
Autistic children, neurological appraisal of, 422
AYLWORTH, A. *See* RENNERT, O. M., 116 (L)

BABSON, S. G., HENDERSON, N. and CLARK, W. M., Jr.: The preschool intelligence of oversized newborns (abstr.), 406
Baby-tending device of cultural importance, the cradleboard of the Western Indians (abstr.), 551
BADALYAN, L. O., KALININA, L. V., MIRONOV, A. I. and SANDUKOVSKAYA, S. I.: Hereditary angiomatoses affecting mainly the nervous system: II. The Louis-Bar syndrome (abstr.), 264, 404
BAIRD, D.: Perinatal mortality, 368
BAKER, L. D., BASSETT, F. H. and DYAS, E. C.: Surgery in the rehabilitation of cerebral palsied patients, 330
BARNESS, L. A. *See* HALLOCK, J., 408
BARSON, A. J.: Spina bifida: the significance of the level and extent of the defect to the morphogenesis, 129
BASSETT, F. H. *See* BAKER, L. D., 330
Batten's disease—a separate entity? 377
BATTLE, C. U.: Another fetal assessment test: the fetal electroencephalogram, 373
BAUM, D. *See* VEHRS, S., 772
BAX, M.: Paediatric neurology—the way ahead, 553
— and MACKEITH, R.: Telling the world, 411
Behaviour and body image in Klinefelter's syndrome, effects on, of testosterone, 454
BELL, W., VAN ALLEN, M. and BLACKMAN, J.: Fisher syndrome in childhood, 758
BERENBERG, W. *See* HANSON, R. A., 309
BERENDES, H. W. *See* CHURCHILL, J. A., 153
BERRY, H. K. *See* O'GRADY, D. J., 343
Bibliographies, for speech, hearing and communication disorders, 538
Bilirubin diffusibility and brain damage, 512
Birth injury
in the newborn
nitrogen metabolism in (abstr.), 547
treatment (abstr.), 834
in twins, followed by organic changes of the central nervous system (abstr.), 833
Birthweight, low, mortality of infants with, 661
— nomenclature of, and gestational age: suggestions of a Working Party of the Second European Congress of Perinatal Medicine, April 1970: 384
BISCHOFF, A.: Lumbar puncture and CSF diagnosis (abstr.), 264
BLACKBURN, I. *See* INGRAM, T. T. S., 271
BLACKMAN, J. *See* BELL, W., 758
Bladder, neurogenic, in children, indications for manual expression of (abstr.), 550
BLECK, E. E.: 'Are large congresses worth the money?', 822 (L)
Blood and cerebrospinal fluid levels of 5-hydroxyindoles, in hydrocephalus, 461
— pressure and EEG of newborn babies, effect on, of acute hypoxia (abstr.), 404
BOBATH, B. and FINNIE, N. R.: Problems of communication between parents and staff in the treatment and management of children with cerebral palsy, 629
Body image and behaviour in Klinefelter's syndrome: effect on, of testosterone, 454
